

## **Public Notice:**

### **Helping Hay River**

**May 11, 2022**

**The Village of Fort Simpson is asking citizens to please return any fans or dehumidifiers given out during last years flood recovery to the Rec Center. They will be loaned to the Town of Hay River to assist in their efforts.**

As many know, our distant neighbours in Hay River are experiencing catastrophic flooding, a situation we in Fort Simpson are unfortunately all too familiar with. Last years flood relief effort was aided by the Villages' distribution of fans and dehumidifiers, which were not collected afterward.

We at the Village are asking our community to pay that kindness forward by bringing any fans or dehumidifiers that were given out to the Rec Center. They will be sent on the first ferry to help our friends and family in Hay River, or any other community that may have use of them in the future.

Thank you and stay safe.
